

There, in the corner,  
over to the left, behind the  
box, underneath some stuff,  
in back of that junk, in your  
closet, or basement, or  
garage, covered by that  
thing, in the back, out of  
mind, collecting dust

is his joy.

## Donate an instrument. Change a life.

Every child should have the opportunity to play an instrument. It makes children smarter and happier. Unfortunately, many families can't afford instruments. We're Musicopia, a music education nonprofit that takes old instruments, repairs them and delivers them to schools where the music teachers, whom we also support, begin to unlock the music waiting inside their students. We serve over 75,000 students each year through assembly, workshop and ensemble programs. There are so many more students to help ... but we need your help. So unearth your old trumpet, violin, sax, drum set, music stand (or other supplies) and donate whatever you have! We desperately need money to support repairs, too.

It's a simple gesture that results in pure ... joy
